

Does your lawn look like this?

Or this?

It has been noted that a significant number of homeowners throughout Loggers' Run have been neglecting their lawns. The most flagrant issue is a total lack of watering. Other issues include not using weed control and not replacing sod in areas that are bare.

Current SFWMD water restrictions allow the watering of lawns for odd numbered addresses on Wednesdays & Saturdays and for even numbered addresses on Thursdays and Sundays. Permitted watering hours are 12:00 am to 10:00 am and/or 4:00 pm to 11:59 pm on those days. It is recommended that you choose only one watering time period to conserve water.

New lawns/sod may be watered in for the first 30 days on any day except Friday and from 31 to 60 days on Mondays, Wednesdays, Thursdays & Saturdays during the hours noted above. Additional information may be found on website: www.sfwmd.gov

Loggers' Run HOA recognizes the current difficult economic times we are all in. Many of you or your neighbors may be trying to sell your homes or even worse, may facing foreclosure. However, it is not fair to your neighbors that are maintaining their properties. The first thing a prospective buyer will notice is the exterior of the property.

We all need to conserve water but to stop watering altogether is not a viable option at this time. Let's keep our community looking as good as possible by using reasonable watering "common sense".

Violations Will be sent to those homeowners who do not maintain their properties.
